

## Adam Wade – September 2017

I am happy to say my experience with Tim Pettit and the firm has been excellent. I had a few issues with lawyers before and when I met Tim, I felt that I had nothing to worry about, with his knowledge and experience while offering help and guidance during a very challenging time for myself. I was dealing with ICBC Claim for over 3 years and if it wasn't for Tim, it would have been an uphill battle with another lawyer of ICBC. Tim and the staff @Pettit & Company, were always very helpful, kind, compassionate, understanding, when it came to physiotherapy, doctors apt. & etc. Helping me get back on my feet after an accident.

I would highly recommend Tim to any friend or family member if they needed a lawyer. Very happy how things turned out after a few years with ICBC.

Thank you so much Tim for your support during a very difficult time in my life.
